JUSTINA VILLANUEVA

WEB DESIGNER

SUMMARY

Web designer interested in the intersections of art, activism and technology. I'm fantastic at making wireframes, mockups and high quality prototypes of responsive websites. I love bringing design concepts to life and learning new CSS tricks.

EXPERIENCE

Web Designer / Developer
Freelance | New York, NY | 2014 – Present
• Building fluid and dynamic design solutions for artists and blogs
• Prototyping, developing and maintaining custom WordPress sites
• Integrating PHP functions for shortcodes, quicktags, page templates
• Testing sites for cross-browser and device compatibility

Rental Technician
Calumet Photographic | New York, NY | August 2011 – April 2014
• Investigated solutions for clients' photoshoots
• Resolved technical issues with cameras, lighting and software
• Demonstrated how to use and service equipment

Music Blogger
AOL Music | New York, NY | September 2009 – February 2011
• Captured feature-worthy moments at festivals, tours and concerts
• Wrote lively concert reviews and chronicled tour diaries
• Conceptualized and developed feature topics for Noisecreep.com

WORKSHOPS & PUBLIC SPEAKING
